## Education

**Diploma:** Software Development  
**Rosebank College** - Pretorica CBD, South Africa, Expected in 04/2025

- Relevant Modules: Programming in Java, Web Technologies, Software Engineering, Database Management Systems, Project Management, System Analysis and Design, Program Logic and design

**Matriculation Certificate**  
**Muhluri Combined School** - Limpopo Giyani, 01/2022

## Professional Summary

A dedicated and ambitious final-year software development student with a passion for technology and problem-solving. I am seeking internship opportunities to gain practical work experience. My ability to work in teams, strong analytical skills, and eagerness to learn make me an asset in any development environment. I am committed to improving my technical abilities and contributing effectively to innovative software solutions.

## Professional Experience

**DEVELOPER** , 03/2025 - Current  
**SA Musicians (Personal Project)**  
Co-founded and developed a web-based platform, SA Musicians, to connect South African musicians.

- Designed and implemented front-end features using HTML, CSS, and JavaScript.
- Developed back-end functionality with PHP and MySQL for user profiles and content management.
- Built interactive features like likes, comments, and posts using AJAX.
